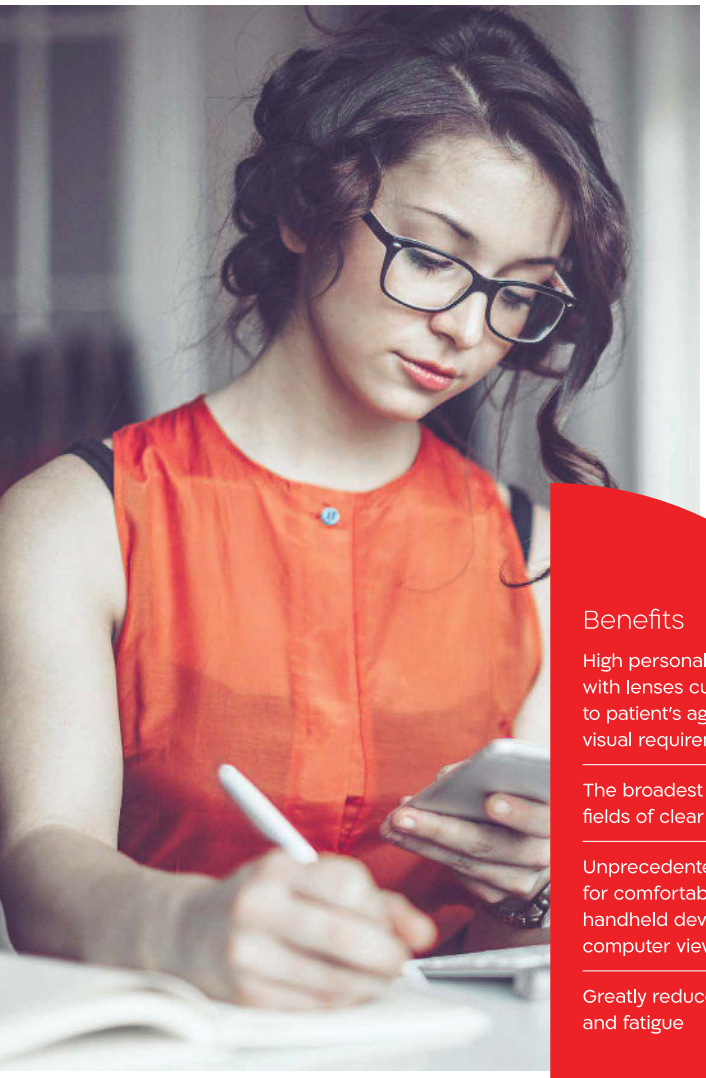
Shamir Relax™



A highly personalized single vision lens for a digital lifestyle

What is it

Shamir Relax™ is an advanced single vision lens precisely personalized to the eyesight requirements of your patient. Shamir Relax™ features an extra bit of power in its lower area for added visual comfort in the 40-to-70-cm viewing zones.

Shamir Relax™ provides relief from eye dryness and fatigue, tearing, headaches and blurry vision at the end of long days in front of computer and digital device screens.

Benefits

- High personalization, with lenses customized to patient's age-driven visual requirements
- The broadest possible fields of clear vision
- Unprecedented support for comfortable digital handheld device and computer viewing
- Greatly reduced eye strain and fatigue

Who it's for

Shamir Relax™ is for Single Vision patients who need personalized and dedicated support for clear vision at near.
